This joint notice (“Notice”) describes how your medical information will be used and disclosed by Anaheim Global Medical Center (“AGMC”), members of its workforce, medical staff members, and allied health professionals who practice at this facility.

AGMC and the individual health care providers who provide services at the Hospital are together sometimes referred to collectively as “we” or “us” in this Notice. While AGMC and health professionals engage in many joint activities and provide services in a clinically integrated care setting, the Hospital and health professionals are separate legal entities and separately responsible for complying with this Notice and applicable law. This Notice applies to services furnished to you at AGMC as a Hospital inpatient or outpatient or any other services provided to you in a Hospital-affiliated program involving the use or disclosure of your medical information (known as “protected health information” or “PHI”). Your doctors and other health care providers may have different practices or notices about the use and disclosure of your PHI in their own offices or clinics.

II. Privacy Obligations
